

Sugar Drink Mix

Ribbon Blenders from APS

Benefits of blending sugar drink mixes in a ribbon blender from American Process Systems®:

- Homogeneous mixes
- Minimal sugar degradation
- Less friction

Mixing Technology for Sugar Drink Mix

Double ribbon blender technology with specialized rotor design

Homogeneous mixes with minimal sugar degradation (which creates cloudy mixes) are achieved by a special rotor design and gap.

By controlling friction, sugar is evenly coated with citric acid, flavors, and color.

Our homogeneous, consistent, quality mix

Competitor's mix quality

Sanitary Construction and Polish

Facilitates flavor changes and cleanout

Relieved Trailing Edge

Minimizes frictional heat and degradation

Eirich Machines, part of worldwide Eirich Group, is an international supplier of machinery, systems, and services for material processing. With the two product lines EIRICH and American Process Systems® (APS), we offer the most comprehensive range of mixers, blenders, pelletizers, dryers, and grinding mills.

04/25- Printed in U.S.A. • Subject to changes

Our APS product line includes:

- Fluidizing Paddle Blenders
- Ribbon Blenders
- Paddle-Ribbon Blenders
- Paddle Blenders
- Plow Blenders
- Dryers/Reactors
